

RASMIYA MOHAMED YUSUF

Computing Student | Aspiring IT Professional

☎ +971 503176698 ✉ rasmiya.mohamed07@gmail.com 🔗 LinkedIn 🐙 GitHub 📍 Sharjah, UAE

PROFESSIONAL SUMMARY

First-year Computing student with hands-on experience in **web development, Python programming, SQL and UI/UX design** through academic projects. Looking to join a professional team through an internship where I can apply my technical skills, contribute to ongoing projects, and develop my technical abilities through practical experience and guidance from experienced professionals.

EDUCATION

Arden University (SIMS College) | Sharjah, UAE

2025 - 2028

Bsc (Hons) in Computing

PROJECTS

Tourism Website | 🌐 Website 🐙 Github 🎨 Figma

- Designed the website UI/UX using Figma and developed a responsive Switzerland tourism website with 5+ pages.
- Implemented an FAQ section and enquiry form to enhance the user experience.

Technologies / Tools Used : HTML, CSS, VS Code

Locker Management Data Structure | 🐙 Github

- Implemented a Python program using nested dictionaries to manage 6 locker records and their information.
- Applied searching, updating, adding, and counting operations using loops and conditional logic.

Technologies / Tools Used : Python, Pycharm

Locker Storage System | 🐙 Github

- Implemented a Python-based locker system managing 6 lockers for luggage storage and retrieval.
- Added payment validation, penalties, locker reset, and input validation features for reliable system operation.

Technologies / Tools Used : Python, Pycharm

Python Mark Grading Program | 🐙 Github

- Implemented a Python program to classify student marks into 3 categories: Fail, Credit, and Distinction.
- Applied input validation, error handling, loops, and functions for reliable execution.

Technologies / Tools Used : Python, VS Code

Library Event Management Database | 🐙 Github

- Implemented a relational database with 8 tables to manage library events and related information.
- Applied SQL queries, primary and foreign keys, constraints, and relationships to maintain data integrity and retrieve information efficiently.

Technologies / Tools Used : SQL, MariaDB/MySQL, PhpMyAdmin, Cpanel

SKILLS

Programming Languages : Python

Web Development : HTML, CSS, Responsive Web Design

Design & Prototyping : UI / UX Design, Wireframing

Database : SQL, Database Design & Modelling

Tools & Platforms : Figma, GitHub, VS Code, Microsoft Office, Canva, phpMyAdmin, Mysql
